this as a gift for an avid reader who was thrilled to receive it. From documentary type shows, Admiral Byrd sounds like a fascinating read.

As the culminating volume of Admiral Richard E. Byrd, Jr.'s renowned expeditions, this is the comprehensive autobiography of a man who knew no limits. From his earliest days as a Navy pilot in training, to his controversial flights to the North and South Poles, his lifelong passion for exploration, and his trailblazing quests across the Antarctic continent, Admiral Byrd was a man who stared down long odds, harsh climates, and harrowing landscapes, conquering them all with bravery now immortalized in American lore and legend. Reissued for today's readers, Admiral Byrd's classic explorations by land, air, and sea transport us to the farthest reaches of the globe. As companions on Byrd's journeys, modern audiences experience the polar landscape through Byrd's own struggles, doubts, revelations, and triumphs and share the excitement of these timeless adventures.

About the Author Richard Evelyn Byrd, Jr., (1888-1957) was a pioneering scientific explorer of the Antarctic continent and rear admiral in the United States Navy. He completed one of the first trans-Atlantic flights and flights to the North and South Poles. Byrd was a recipient of the Medal of Honor, the highest honor for heroism given by the United States.
