**Ocean Explorer maps : Falkland Islands Explorer Map** before purchasing it in order to gage whether or not it would be worth my time, and all praised Falkland Islands Explorer Map:

0 of 0 people found the following review helpful. Two StarsBy Cliente It looked like bigger from the picture and description.

This fine map in the excellent "Ocean Explorer" series covers the Falkland Islands region. Produced in the same format as the previous maps in the series, one side provides a detailed map of the islands with key areas identified, while the other side presents information of the areas wildlife, geography and history, along with providing a town plan to Stanley.

About the AuthorOcean Explorer Travel Maps were initially produced to meet the needs of passengers on cruise ships, but with their illustrated biographies, historical timelines, detailed photos and information on local wildlife, landscape and native people, our maps will benefit those exploring these areas in other ways.
