From ITMB Publishing : Falkland Islands (Travel Reference Map) by Treaty Oak (1997-02-01) before purchasing it in order to gage whether or not it would be worth my time, and all praised Falkland Islands (Travel Reference Map) by Treaty Oak (1997-02-01):

Excellent when originally producedBy Kenneth WillsThe detailed topography shown on the map, and especially the information about wildlife and history, are very good. However, the map is seriously out of date regarding roads and tracks. These features are ones which users of the map are bound to depend on, and it should be a simple matter for the publisher to update them.
