Alistair Mackenzie : Family Explorer: Abu Dhabi Dubai (Explorer S.) before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Explorer: Abu Dhabi Dubai (Explorer S.):

This is a guide for families living in Dubai. It locates domestic services, such as baby sitting and gardening, and explains how to get around the city. Major sections of the book explain medical care, education, shopping and leisure activities in Dubai. There's a large section on birthday parties for children. Forty pages of maps complete the guide.
