Great Guides for Families with young childrenBy Anne from BaltimoreThis is a great guide for this region for families with young children. Surprisingly after 6 years, it is already a little outdated, but only a little. It is still worth the purchase.I don't want to get stuck shopping on vacations with my kids, but rather have fun ideas for day trips. This guide gave me plenty of ideas! I love it!Family Fun books are always keepers in our home--surprisingly (since published by Disney) really have a lot of ideas about how to make money stretch and include both inexpensive and moderately priced ideas.
