Gregory A. Boyd J.D. : Family Maps of Barnes County, North Dakota before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Maps of Barnes County, North Dakota:

430 pages with 131 total maps Locating original landowners in maps has never been an easy task-until now. This volume in the Family Maps series contains newly created maps of original landowners (patent maps) in what is now Barnes County, North Dakota, gleaned from the indexes of the U.S. Bureau of Land Management. But it offers much more than that. For each township in the county, there are two additional maps accompanying the patent map: a road map and a map showing waterways, railroads, and both modern and many historical city-centers and cemeteries. Included are indexes to help you locate what you are looking for, whether you know a person's name, a last name, a place-name, or a cemetery. The combination of maps and indexes are designed to aid researchers of American history

or genealogy to explore frontier neighborhoods, examine family migrations, locate hard-to-find cemeteries and towns, as well as locate land based on legal descriptions found in old documents or deeds. The patent-maps are essentially plat maps but instead of depicting owners for a particular year, these maps show original landowners, no matter when the transfer from the federal government was completed. Dates of patents typically begin near the time of statehood and run into the early 1900s. What's Mapped in this book (that you'll not likely find elsewhere) . . . 5314 Parcels of Land (with original landowner names and patent-dates labeled in the relevant map) 28 Cemeteries plus . . . Roads, and existing Rivers, Creeks, Streams, Railroads, and Small-towns (including some historical), etc. What YEARS are these maps for? Here are the counts for parcels of land mapped, by the decade in which the corresponding land patents were issued: Decade Parcel-count 1870s 12 1880s 1831 1890s 2042 1900s 684 1910s 26 1980s 1 What Cities and Towns are in Barnes County, North Dakota (and in this book)?
