This was of great help when trying to locate where the family land ...By Susan WilliamsThis was of great help when trying to locate where the family land would be located today. It is nice to see how it has developed.0 of 0 people found the following review helpful. Monroe County Family MapsBy Jan HollyGot some good information I might not have found otherwise. I really like this Family Map series.0 of 0 people found the following review helpful. Great findBy Amy RileyAwesome

372 pages with 125 total maps Locating original landowners in maps has never been an easy task-until now. This volume in the Family Maps series contains newly created maps of original landowners (patent maps) in what is now Jackson County, Florida, gleaned from the indexes of the U.S. Bureau of Land Management. But it offers much more

than that. For each township in the county, there are two additional maps accompanying the patent map: a road map and a map showing waterways, railroads, and both modern and many historical city-centers and cemeteries. Included are indexes to help you locate what you are looking for, whether you know a person's name, a last name, a place-name, or a cemetery. The combination of maps and indexes are designed to aid researchers of American history or genealogy to explore frontier neighborhoods, examine family migrations, locate hard-to-find cemeteries and towns, as well as locate land based on legal descriptions found in old documents or deeds. The patent-maps are essentially plat maps but instead of depicting owners for a particular year, these maps show original landowners, no matter when the transfer from the federal government was completed. Dates of patents typically begin near the time of statehood and run into the early 1900s. What's Mapped in this book (that you'll not likely find elsewhere) . . . 4719 Parcels of Land (with original landowner names and patent-dates labeled in the relevant map) 44 Cemeteries plus . . . Roads, and existing Rivers, Creeks, Streams, Railroads, and Small-towns (including some historical), etc. What YEARS are these maps for? Here are the counts for parcels of land mapped, by the decade in which the corresponding land patents were issued: Decade Parcel-count 1820s 527 1830s 483 1840s 337 1850s 1297 1860s 327 1870s 5 1880s 126 1890s 920 1900s 530 1910s 149 1920s 13 1930s 3 1940s 1 1950s 1 What Cities and Towns are in Jackson County, Florida (and in this book)? Alford, Alliance, Bascom, Browntown, Buena Vista, Butler (historical), Campbellton, Chipola Terrace, Collins Mill, Compass Lake, Cottondale, Cypress, Dellwood, Ellaville, Ellis, Ellis Church, Glass, Graceville, Grand Ridge, Greenwood, Haynes, Hornsville, Hyhappo (historical), Inwood, Jacobs, Kent Mill, Kynesville, Lovedale, Mallory Heights, Malone, Marianna, Oakdale, Ocheese Gardens, Oktahatko (historical), Osochi (historical), Parramore, Rambo, Richter Crossroads, Rock Creek, Round Lake, Shady Grove, Sills, Simsville, Sinai, Sink Creek, Sneads, Star, Steele City, Tamathli (historical), Tocktoethla (historical), Two Egg, Waddells Mill, Yamassee (historical)
