1 of 1 people found the following review helpful. No excuse now not to travel. Thank God for the point system!!!By

AnisasGoodieBagThis was a REALLY great book to add to my collection. So glad that I took the time out to research and learn this point system info. I was yearning to see the world and explore life's many beautiful treasures but I didn't think I had enough money nor resources to travel around the globe. This book ended up having so many valuable resources that pointed me to the many different ways of exploring options while traveling with family and kids. What I enjoyed most about the book was the fact that the read was simple, practical, and extremely functional. I didn't need a PhD or a Law Degree to understand this method. If you don't think you can travel the world due to the lack of money...think again my friend. I recommend this book to anyone looking for alternative ways to see the world. Happy Travels!!!! 1 of 1 people found the following review helpful. This book is easy to read and very well written. By Customer I was eager to read this book. My family and I haven't had a family vacation in years and I was curious how traveling on points can help us achieve a vacation without spending a lot of money. As I was reading Family Travel on Points I realized that it is possible for us to travel without spending our life savings. This book has opened my eyes and allowed me to look around the house for ways on how to save and get rid of things that are just eating up my money. How to use my credit to work for me and not the other way around. I am looking forward to working with Ana and being able to travel with my family in the near future on points. This book is easy to read and very well written. I would recommend this book to my family and friends. 1 of 1 people found the following review helpful. Excellent. By Customer Amazing book. I would love for people to buy this book. Great information for those that have family.

Ever dream about traveling to the Florida Keys, or Hawaii? Perhaps visiting the monuments of Washington DC, walking the Freedom Trail of the Founding Fathers of the USA in Boston, or traveling to Europe on a dime? If you are trying to raise a family, you may think this is an impossible task, but this is farther from the truth. It is possible by applying some simple techniques on how you can make your bills work for you. We travel by simply paying our bills and you can do it too! Our passion is to explore the wonderful world of family travel on a budget. This book is ideal for families that want to travel and enjoy family time while they are still working on their short and long term financial goals. There is a way to travel for less to some of the best destinations in the World for almost free. Learn How to Make Your Bills Work for You Instead of Against You Learn How to Use Simple Coupon Strategies to Save You Money Learn How to Envision Your Life to be Greater than You Ever Imagined Learn How to View Money Differently Learn How to Bring it All Together and Form a New Life Plan

About the Author Ana lives with her family in California. She worked in the banking industry for eight years and used that experience to learn about money management. Her true passion is writing and travel. Her family manages to travel multiple times a year to many bucket list destinations on credit card points. You can find her on www.anasoriano.com
