However, having spoken enough Farsi working in Iran decades back -- I really enjoy this book for refreshing my memory -- and learning to read (Arabic) script. As I read words and phrases, I find entire phrases pop into my mind, as well as forgotten wonderful times, adventures and friends in Iran. It's a very usable review/resource for English speakers -- in a style that I like.0 of 0 people found the following review helpful. Four StarsBy Judith A.
