Very Helpful for ideas, with or without Kids.By C. ThomasI absolutely love this book! I use it for my family ideas, ideas to give friends and ideas for group gatherings. I have met the author and known her for several years. She works very hard every year to update as much as she can. If you think

it's difficult to locate a copy of the book, your wrong. She provides copies to a majority of the major attractions in St. Louis to sell in their gift shops. Example: St. Louis Zoo and the Science Center. I update my book every year because I love it so much! I highly recommend anyone who will be visiting St. Louis or who lives here to own a copy or two. It was invaluable, pointing out activities we never would have known about otherwise. This book helped make our trip one of the best vacations we've ever had.

This informative book lists over 200 places to go with your kids in the St. Louis area. It gives addresses, directions, phone numbers, hours of operation, costs, descriptions of the places, recommended ages, and useful "Mom to Mom" tips. It is divided into chapters of Museum and Entertainment, Parks, Seasonal Events, Birthday Parties, and Restaurants.

About the AuthorAnn Seebeck grew up in St.Louis. When she married, she moved to San Diego, CA for 8 years. Upon her return to St. Louis, she had 2 small boys and wanted to show them all the wonderful places in St.Louis. Since there was not a current book that listed all the new places in St. Louis, Ann Seebeck decided to take her children and research the wonderful city herself and write her own book of "Favorite Places to Go with Kids in St. Louis" That was 12 years ago, when the first edition came out, and Ann Seebeck and her family are still researching and constantly updating the information! A new updated edition comes out each summer.
