Awesome Courage StrengthBy Mike WhelanBattling the natural elements of wind,wild waters and thunder lightning was only half of Kay's challenges.....dealing with herself , and the psychological effects of isolation , imagination and modern day pirates were all part of a real-life ,true story adventure that captured my attention all the way through. Kay is a true hero !0 of 0 people found the following review helpful. The equipment used for this journey is a bit dated nowBy Sue MaltonThe equipment used for this journey is a bit dated now, but still a good read for those wanting to do similar travel, not necessarily non-stop or alone
