praised Five Years in Hawaii: A True Saga of International Adventure and the U.S. Naval Intelligence Community:

Follow the author around the world aboard the USS Reuben James (famous for her appearance in Hunt for Red October). Observe as the author witnesses the attacks of 9/11 from the watch floor of the Navy's Joint Intelligence Center Pacific. Be there as North Korea exercises their traditional brinkmanship tactics in total disregard for the rest of the world. This is the story of one young American man's five year career with the U.S. Navy. Live it, love it, share it!

About the Author Justin served in the United States Navy from October of 1998 through August of 2003. He was on active duty for 9/11 and the subsequent invasions of Iraq and Afghanistan, though he did not find himself in either of those countries.
