I was more concerned with safe places for women to travel alone without getting hassled. This woman seemed more concerned about where to party and what

kind of shoes we should be wearing. Honestly I am 33 year old traveler and I know to dress and I rather learn more about what are safe areas to travel to, where to stay safely and honestly more about what to see in do. I think the only thing I need from this book is the first page of the locations. The content in the book gave me no help of what do and how to experience the city. I don't think flirting and trying to seduce men and where to shop is experiencing a city. This book was just not a travel book it was a travel story. Its definitely not Rick Steves or Lonely Planet. I was disappointed. 0 of 0 people found the following review helpful. Perfect!! By Bonnie E. Stewart-Richlen The book is in excellent condition, and while I was more than a little irritated with how long it took to get to me (15 days for shipping? C'mon guys) when I got it and opened it, it was a signed copy by the author!! Totally worth the extra wait. :) If you need something a little more speedily you might want to talk to them before you order though. ;) 0 of 1 people found the following review helpful. A MUST READ By lorpi I can't say enough great things about this book. It truly inspired me to see the world. My book has been through two long European trips. Almost all of her recommendations are great. It's a great book because it's not just a boring travel guide. It gives you the top 10 things to do in each of her recommended cities but also gives clues as to what to bring and what to expect when you get there. I have given this book to all of my friends and they love it as well. It's the best travel book out there. I just wish she would write another one.

There's a whole big world out there. Here's how every woman can get out and conquer it-solo. This is an inspiring guide for women who want to "fly solo"-yet stay safe, sane, and solvent during their travels. With candid advice and insider's secrets about some of the most exciting places on earth, readers will find: - A quiz to help determine what sorts of trips best suit one's personality, interests, and goals - The essential female-friendly spots every woman should visit - Why each destination is perfect for solo travelers, important foreign phrases, what to pack, what shoes to wear, special events, historical facts, where to meet the global glitterati, and a list of the top ten things women must do while visiting - Where to eat, meet, party, people watch, sunbathe, soul-search, shop, spa, frolic, photograph, and more Whether surfing in Hawaii, strolling the cobblestone streets of St. Petersburg, drinking in Dublin, or swimming with dolphins in the Caribbean, women can take on the world and create lasting memories with the best travel companion ever-themselves!

From Publishers Weekly In her first book, TangoDiva.com founder Williamson uses 10 criteria-among them safety, transportation and friendliness-to determine a list of destinations for adventurous women, then provides the skinny on each. But before delving into her exceedingly thorough chick-trip dispatches, Williamson provides an incisive quiz to help readers determine the best trip for them. Dozens of global hot spots are profiled here, with an especially extensive list of European locations. Rating each of her destinations on four important variables-cultural opportunities, activity level, weather and social interaction-Williamson gives readers a feel for each city; true to her insider's vision, she even dishes out the home phone numbers of American ex-pats willing to offer a home-cooked meal (for a small fee). Other off-the-beaten-track suggestions include trying the Moroccan baths in Paris, and tracking down a bar in Beijing so hip it attracts British DJs-"From Britain!" Even though this easy-to-breeze-through guide offers information on locales as far-flung as Machu Picchu and Tokyo, a number of fun stateside escapes ensures that even "girls" on a limited budget will be ready to lone-wolf it.
