Dana Facaros, Michael Pauls : Flying Visits: Spain: Great Getaways by Budget Airline Ferry before purchasing it in order to gage whether or not it would be worth my time, and all praised Flying Visits: Spain: Great Getaways by Budget Airline Ferry:

0 of 0 people found the following review helpful. The best Spain travel book I've foundBy robinbaseI didn't know what to expect from an outdated travel book that was a library discard (I paid a penny), but I have two Rick Steve's books, and I prefer this one. It tells you exactly how to get to destinations outside major cities. I'll put it to good use in

Spain this summer. All black white. Maps, prices, phone numbers, museums, architecture, hotels, food are all fairly detailed. You'll have to look online for up-to-date train and bus schedules of course. It's written for the British traveler taking flights from UK to Spain, but other than that, it's relevant for anyone.

Cadogan explores hidden Spain for a song! Gerona, Murcia, Santander, Malaga, and more--the guide looks in detail at the towns and cities now directly accessible by air or sea; and takes visitors on into the surrounding areas, with day trips, overnights, and longer excursions to extinct volcanoes, Costa Blanca beaches, caves of prehistoric art, the Catalan Pyrenees, and the Serrania de Ronda. Packed with numerous ideas for things to see and do, this makes easy travel even simpler.

"Cadogan Guides are brilliant --Spain and Mexico, for example, are miles ahead of anything else on those countries."--
Belfast Newsletter (N.Ireland)"Your bible will be the Cadogan Guide to Spain."--The Daily Telegraph
(UK)"Irreverent and entertaining."--The Times (UK)
