It didn't reveal too much new stuff and therefore I only looked at it once.3 of 3 people found the following review helpful. Good ideasBy Eve BI have this book and use it for my 4 and 7 year old. We live in the Denver area. The only thing I would complain about is that it is a bit older now and some of the info is outdated. If an updated version were to come out, that would be great. Nice format, good ideas for things to do around the Denver area, and well-researched.

Each book focuses on 68 terrific ideas for family days, from museums and puppet theaters to skyscrapers and parks. Written by parents who live in the cities they cover, these books are smart about what kids like -- and about what parents need. All the details for planning are included: addresses, phone numbers, admission prices, and age-appropriateness. "Hey, Kids!" info boxes provide fun facts and interesting trivia about the destination, and "Kid-Friendly Eats" features recommend three or four places to grab a bite to eat nearby. Fun to read and easy to use, these handy little guides make it easy to plan an enjoyable, hassle-free day with children in the world's most popular cities. They're perfect idea books for every city parent and grandparent, and indispensable aids for families on vacation.
