We knew absolutely nothing about DC when we started planning this trip. The layout is fun and concise. It lists 68 of the top attractions in and around the city. Each two-page listing includes the following: * 2-4 paragraph description of the attraction with details and recommendations on how to visit it. * A "Make the Most of Your Time" info box with tips and tricks. * An "Eats For Kids" info box with at least one suggestion for food in or nearby the attraction. * A "Keep in Mind" info box with additional insight. * Address, phone, cost, hours, and age appropriateness all laid out in a standardized, easy-to-find manner. In addition, there is a short, 5-6 page intro with some tips about preparing for your trip, getting around town, etc. At the end of the book is an index section that is organized with fun titles like "Lost in Space", showing all of the space-oriented attractions, or "Art Attack" with art attractions. All in all, this was a friendly, fun, and helpful guide to enjoying the city. It made all the difference on our trip as we were able to quickly narrow our focus on the attractions that would be best for our family. 8 of 8 people found the following review helpful. Best book for kids in DC By Pam from Chicago We used this book daily as we toured Washington DC during spring break. It's priceless as it provides you with which line to take for the subway - which stop to get off at - and then once you arrive there are tidbits about the historical site you're visiting and also where to stop for a break or lunch. I'd recommend to anyone taking children to DC. 0 of 0 people found the following review helpful. Cute book for kids and adults alike By Heather D This is a fabulous reference outlining different museums and "artifacts" worth seeing in the D.C. area. As someone who grew up close to the city, there were tons of facts I didn't know. Great resource!

Plan 68 great days with kids in a flash! Local mom Kathryn McKay has handpicked 68 simply fabulous things to do in and around D.C. with a child in tow. You'll look at old favorites in a new light, from the Lincoln Memorial to the Smithsonian American Art Museum and blaze new trails all over town, from the International Spy Museum to the Claude Moore Colonial Farm at Turkey Run. Every page is loaded with fun facts and helpful information. Flip art and games inside! Watch Honest Abe make friends as you flip through the book. Keep waiting kids happy with our parent-tested games. And use the themed directories to plan with kids' interests in mind.
