I purchased this book when I learned that my eighty-seven ...By Emily HallI purchased this book when I learned that my eighty-seven year old Father decided to take a road trip. He said thathe planned to drive -- by himself -- from his home in Maine down to Florida...and, back again. He stopped and visitedwith several friends and family members along the way... and told me that the book had come in handy.0 of 0 people found the following review helpful. It would be good for a 12 year old who knows nothing about ...By roadtripperSo much fluff in this book. It would be good for a 12 year old who knows nothing about road trips and can't wait to get their license 4 years later.It's also from 2003, so that means it is REALLY out of date already.32 of 33 people found the following review helpful. Don't Waste Your TimeBy scottyUnless you've had someone coddle you your whole life, Fodor's How to Take a Road Trip is a waste of time. Banal common sense info you don't need to buy. For example, it takes a whole page to explain where to find a road map: bookstore, autoclub, gas station, on line, rest stops. Don't expect any MacGyver tricks of the road---like how to open your car door if you locked your keys inside. Fodor's advice: bring a spare set. This book is nothing more than an empty gimmick.

The American road trip is back! Whatever kind of trip, travelers will appreciate these savvy tips for making the trip go smoother, faster, and more enjoyably. fodor's road-trip experts show how to map out a course, get paperwork in order, pack a trunk, make the time pass, eat and sleep well, deal with car trouble and avoid getting lost. This is a smart pre-trip planner and an invaluable on-the-road resource.
