Every Budget my Tushie!By Emily RodmanIn my naivety, I believed the blurb on the front of this book, "every budget" and "off the beaten path"- but when I received it I learned that this obviously refers to every budget upper middle class or better, and off the beaten path only because only about

5 people can afford to eat in restaurants where the main course is \$40. Not only do I feel excluded as a social worker and a budget traveler- but the highlights on things to do were practically absent- the section on Burlington, VT is only 3 pages long, with only 9 or 10 hotel and restaurants combined listed! Hello- I've never been there and I know there's a lot more going on. That's one other thing- I personally dislike having dining/lodging listings combined- I mean, they're certainly not the same thing, and in my world food always deserves it's own listing. So, if you're a well to do bunch who's looking to spend some money and not do much else, this is the book for you. Enjoy!
