**Fodor's :** Fodor's Rio de Janeiro Sao Paulo (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fodor's Rio de Janeiro Sao Paulo (Travel Guide):

2 of 2 people found the following review helpful. The book is informative but not very helpfulBy Lukia SunThe book has rich information, covering logistics, accommodation, food, shopping...However it didn't help me much when I was in Brazil.The major problem is that it has almost no photos or pictures for the places it recommends and the

recommendations are all listed in Portuguese. It's hard for me to match the places I have been to the recommendation list in this book. And when I was looking for some attractions, I didn't know how the architecture looks like. 0 of 0 people found the following review helpful. The maps were not easy to use. By Joe, a 9-year-old. The maps were not easy to use. We struggled once in Brazil to navigate using the book and ended up downloading the Lonely Planet guide and using it from our phones instead! 0 of 0 people found the following review helpful. Five Stars. By Monica. Great for trip to Brasil
