Too much money for this "book" By A Customer While information in this book is useful, it is not worth the \$8.25 you must pay for it (including shipping). The "book" is tiny, about 3" by 2". But, when you are at home packing, you don't need such a small book. The print is also very small. While some items were interesting (how to pack and roll a shirt), the amount of information you receive is not worth the price.
