Turkey a center of world history as well as a modern, Western-looking republic is one of the fastest-growing tourist destinations, with U.S. tourism up 40% in 2005. Known as the cradle of civilization, where the evidence of almost 10,000 years of human existence can be seen and explored, this alluring country also attracts travelers looking for sophisticated relaxation. This thoroughly revised edition focuses on the best that Turkey has to offer, from the happening new hotspots of Istanbul, to the phenomenal beaches and great outdoor activities of the Mediterranean and Aegean coasts, to fascinating historical sites and the country's wondrously unique landscape for all budgets. New design features including orientation and planner pages with maps and photos make planning a trip easier than ever. Savvy advice from local writers helps travelers make the most of their time, and "Word of Mouth" quotes from fellow travelers provide valuable insights. Eight pages of brilliant photographs highlight Turkey's incredible natural beauty, ancient architecture, and modern vibrancy. Also includes extensive, updated, and accessible coverage of Istanbul; the Sea of Marmara; the Turquoise, Mediterranean, and Aegean coasts; and Cappadocia.
