returned from WDW and had a great time! The tips in the book were valuable. It helped our family enjoy most of the rides and attractions with minimal wait. 15 minutes was the max wait time - even in peak season, mid-August on a Monday afternoon. The tips on how to use the Fastpass system helped us to walk on to most rides. Other attractions were a brief wait. Tips for parade watching gave us choice seats and views. The book needs to be updated for 2008 - some attractions don't have fastpass anymore. Other than that, great buy! A must read before heading to WDW with the family. The book also provides tips for Universal and SeaWorld which is a bonus. 0 of 0 people found the following review helpful. Read this book 50 times and our Disney trip was awesome! By Sabrina L. Williams I read this book, honestly, about 50 times. Mostly b/c I had 2 years between buying the book and going to Disney. Nonetheless, I used almost all of the author's tips for making Disney fun, organized and stress-free for our family vacation. We all had fun... mom, dad, a 4 and 5 year old and even Grandma! Many of the tips really do save a lot of time and money, but mostly, sanity! 1 of 1 people found the following review helpful. Great information and advice. By M. Rinehart This is our first trip to Disney in a very long time, and the first time with kids (age 6). This book provides wonderful tips, and information for families. I went through the book once and just marked pages I wanted to come back and reread. I've now highlighted all sorts of tips to use when we go. Highly recommended
