Fodor's Travel Guides : Fodor's Walt Disney World with Kids 2016: with Universal Orlando (Travel Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fodor's Walt Disney World with Kids 2016: with Universal Orlando (Travel Guide):

5 of 5 people found the following review helpful. Very Helpful By Rachel McElhany I used the 2012 edition of Walt Disney World for Kids when I planned my family's first Disney vacation four years ago. I liked the book so much that

I used the 2016 edition to help me plan the Disney and Universal vacation that we took back in late September. Once again, I found it very helpful. A good portion of the book is the same as what was in the 2012 book. It was still good to read because I had forgotten pretty much everything since it had been four years. There have been two significant changes though Magic Bands and Fast Passes. The Magic Bands that Disney uses now is a room key, park ticket, meal pass and fast-pass all in one and are new since the last time I went. I was glad for the information on how they worked. Also, the Fast Pass system for the rides has changed considerably and can be confusing. I'm glad I could read up on how it worked before planning. My biggest criticism of the 2012 book was that it didn't have much information on the quick-service (fast food) options in the parks. I feel like this book had more information on them this time. The authors also included short descriptions and reviews of all of the sit-down restaurants. There is also information on all of the on-site hotels. All of the rides are rated both by age and by scariness factor which is nice if you have small children. Some of the rides that they are big enough to go on may still be too intense for them. Universal Orlando is included in this book as well. At first I was worried because only two chapters are devoted to it, one for Universal Studios and one for Islands of Adventure. I didn't have to worry though. Universal is really small compared to Disney and those two chapters contained all of the information I needed. The information on the Harry Potter stuff was particularly helpful. I would have been totally overwhelmed without the authors' tips on how to navigate the Harry Potter world. I personally think this book is a must if you are planning a Walt Disney World vacation with kids. If my husband and I take our kids again and I'm sure we will, I will be using the latest edition of this book to help me plan.

3 of 3 people found the following review helpful. This is the ONE Disney World book you want to read before your first trip. By Ms. Jenni

While I have not been down to Disney World yet, that trip is still 6 months away. I have read several books about Disney World in the last few months. I will say this book is really good. It gives you a lot of tips and things I haven't seen in the other books yet. I do wish one of these books would do a chapter for service member families and some of the things offered to them like they do for special need children and babies and such. But that is apples and oranges since I haven't seen it any of the books I had read, but outside of that I think this is an excellent book for a family going down for the first time. I am very happy I brought it.

Even though this book was only 1 year old, it was out of date. Many rides or shows had been discontinued, and several new ones had been added. It was helpful in many aspects of WWW, but I probably should've sprung for the most recent issue of this guide.

Kim Wright Wiley has penned 24 editions of this book and really knows her stuff when it comes to planning an Orlando vacation and taking in the attractions at Walt Disney World, Universal Orlando, and SeaWorld. And for this edition she is once again joined by her daughter Leigh Wiley Jenkins. They combine their wit and wisdom with insights from almost 500 families to create a guide that's thoroughly updated, user-friendly, and fun.

Fodors is pitched a few notches higher, aimed at a fairly discerning traveler with an appetite for background and the occasional surprise. New York Times The Fodors guides are notable for their ratings of sights, restaurants, shops, accommodations and attractions. Chicago Tribune In terms of comprehensiveness of coverage, the very accessible format, and the enthusiastic tone, this series remains one of the best on the market. Booklist Fodors super-informative guidebooks are known for accuracy and attention to detail. Sacramento Bee Fodors can help you plan the perfect adventure. Arizona Republic
