Ok if only want DC but nothing else By Average American Reviewer Very DC centric, does not anything much to the west (though suburbs, are really just extensions of DC). To be a true map of the area, it needs to cover out to Gainesville, VA up to Leesburg. As it is, it did not suit my needs and now collects dust... 0 of 0 people found the following review helpful. Print is TOO tiny By Evanne B. While the map is current and complete, the print is so tiny that it's barely legible even with a magnifying glass. I keep looking for a usable map for the car, but this is not it. 0 of 0 people found the following review helpful. Got to love a map! By Michigan Guy Always nice to have a paper map. I may be old fashioned but you can't always trust a GPS. I wish it had more detailed information on metro stops, but it does the job.
