Jo Montchause, Françoise Montchause, Jacky Godoffe : Fontainebleau Climbs: The Finest Bouldering and Circuits, 2nd Edition

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fontainebleau Climbs: The Finest Bouldering and Circuits, 2nd Edition:

0 of 0 people found the following review helpful. Nice overview of the history and circuitsBy A. NonymouseNice overview of the history and circuits, but can be difficult to orient on the maps without photos of boulders. Combine this with the jingo wobbly guide, though, and you should be able to find just about any climb in all of Fontainebleau0 of 0 people found the following review helpful. Some of the worst maps I seen..By HumphreyThe maps in this book are awful. Its really not that hard to get a decent map together but this book fails. I ended up taking photos of the maps in the parks when I visited as they were much more user friendly. Also I found a lot of the information was out of date.0 of 0 people found the following review helpful. Get another guide!By David Nieto SimavillaThis is one of the worse guidebooks I have ever purchased, numbers, colors and names of the boulders and circuits are all over the place.

A full-color guide to one of Europe's most popular bouldering and climbing destinations\* More than 300 circuits\* Icons describe routes' difficulty, popularity, shady or sunny, and more\* Comprehensive appendices tell how to get there and places to stay\* Includes tips for the first-time visitor to FontainebleauLocated near Paris, Fontainebleau is one of Europe's most popular rock climbing and bouldering destinations. This user-friendly guide offers all the information a climber needs when making a trip to the region: the best sites and routes, difficulty ratings, suggestions for ideal climbs with children, and more. Fontainebleau Climbs is chock-full of inspiring color photos and detailed maps that show a variety of routes to provide options with different levels of difficulty.
