There are also free resources on the internet and in the city tourism departments7 of 7 people found the following review helpful. Excellent walking toursBy Brett CohenThis is an excellent book. If you can find it, and if you don't mind looking a little bit silly as you read a book while walking through the streets, you should absolutely take this with you. I lived in Israel for a few months and used this book on several occasions. Kaminker directs your attention to details that you would otherwise have missed. Highly recommended.
