Kevin Walsh : Forgotten New York: Views of a Lost Metropolis before purchasing it in order to gage whether or not it would be worth my time, and all praised Forgotten New York: Views of a Lost Metropolis:

0 of 0 people found the following review helpful. wonderfull book.By Jeffrey Elliot Platta wonderful book. I was born and raised in n.y.c. have always been interested in n.y.c. history. this book covers what I would call neighborhood

history. covering highly localized places of interest. it is in encyclopedic format. it is a large book and well worth the minor investment. if you have ever lived in n.y.c. and enjoyed it's history 'forgotten new york' should be of great interest to you. the author also created the website this website is also worth checking out. 0 of 0 people found the following review helpful. A fascinating and intimate glimpse of the side of a ...By Ryan Roenfeld A fascinating and intimate glimpse of the side of a city's history you won't find in your run o' the mill guidebooks. Instead, the reader is treated to a far more esoteric and interesting overview of the city and its long and varied history. This is essential reading for any tourist with an interest in the unique and is as equally interesting to someone who has never been there and to those who have lived there their entire lives. 0 of 0 people found the following review helpful. Fascinating book with facts and background stories that I did not know before By Barry M Even though I lived a large portion of my life in New York, I did not know the interesting historical stories behind the many buildings and places discussed in this book. I bought the book out of curiosity and when I received it I immediately went to the section about Brooklyn, which is where I grew up. It's fascinating reading and I'm anxious to now read about Manhattan, where I worked for many years. I recommend this book highly. It's well written and very interesting.

Forgotten New York is your passport to more than 300 years of history, architecture, and memories hidden in plain sight. Houses dating to the first Dutch settlers on Staten Island; yellow brick roads in Brooklyn; clocks embedded in the sidewalk in Manhattan; bishop's crook lampposts in Queens; and a white elephant in the Bronx this is New York and this is your guide to seeing it all. Forgotten New York covers all five boroughs with easy-to-use maps and suggested routes to hundreds of out-of-the way places, antiquated monuments, streets to nowhere, and buildings from a time lost. Forgotten New York features: Quiet Places Truly Forgotten History Happened Here What Is This Thing? Forgotten People And so much more

This is a wonderful guide to Gotham old and new by someone who really knows his stuff. Invaluable! (Kevin Baker, author of Strivers Row) Instantly my favorite guide to the city. Walsh has a phenomenal eye and an almost fanatical attention to detail. (Luc Sante, author of Low Life) There are no more nooks nor crannies in NYC left to find hidden gems. Kevin Walsh has found them all. (Stan Fischler, author of The Subway and The City) About the Author Kevin Walsh, an urban explorer extraordinaire and creator of www.forgotten-ny.com, provides a window into a world that few even know exists. He hosts sold out Forgotten-NY Tours throughout the boroughs and is a much sought-after expert on little-known facts about New York City. He grew up in Bay Ridge, Brooklyn, watching the Verrazano-Narrows Bridge being built and presently lives in Flushing, Queens.
