Great detail!By kmaidaho Looking forward to visiting my son soon and hoping to use the suggestions.1 of 1 people found the following review helpful. it is a good start to making getting away from Rota seem doableBy purdue_maggie I think the book is helpful as a starting point on traveling from Rota. The lack of pictures and to scale maps detract from the overall usefulness. Combined with a travel book from the

region (Rick Steves or Rough Guides are my favorites), it is a good start to making getting away from Rota seem doable. 0 of 0 people found the following review helpful. Five Stars
