Thomas A. Heinz : Frank Lloyd Wright Field Guide: Includes All United States and International Sites before purchasing it in order to gage whether or not it would be worth my time, and all praised Frank Lloyd Wright Field Guide: Includes All United States and International Sites:

0 of 0 people found the following review helpful. you'll not only like it you'll love itBy Cleo Patrick S.If you're a prairie home fan, you'll not only like it you'll love it. It tells you where all of the homes are. A few are public houses

and hold tours. Most of the houses I suppose you can ride by and take pictures, but it suggested that you respect the owner privacy;0 of 0 people found the following review helpful. Five StarsBy Allen DittoFascinating. All the Wright buildings at your fingertips.4 of 4 people found the following review helpful. Great book for its intended purposeBy Moo CowThe real value of this book is the detailed locational information, GPS coordinates, and information on how one can see the structures without trespassing. If you are looking for historical info or pretty pictures, this isn't the book. But if you want to see as many of Wright's buildings as possible when traveling this book is the one to have so you don't waste your time travelling to places where the structures are completely off limits. Fantastic.

The Frank Lloyd Wright Field Guide provides the first complete visitors' guide to all of Wright's buildings in the United States and around the world. This new, single-volume edition is written and compiled by architect and Frank Lloyd Wright expert Thomas A. Heinz, AIA. In a highly readable and informative style, Heinz presents each building page by page, providing brief histories and background details, information on accessibility and viewing, and driving directions. Every entry is accompanied by a photograph and location map. Buildings are arranged geographically. A cross-referenced index enables each building to be easily accessed by location or client or building name." Complete listing of nearly 500 buildings worldwide" Global Positioning System (GPS) coordinates given for each building" Easy-to-read, easy-to-carry, lightweight" Comprehensive volume which combines a completely new eastern region section with updated sections from the original, three-volume field guides

About the AuthorThomas A. Heinz is a Chicago-based architect, photographer, and writer. He practices architecture throughout the United States. His company, Heinz Co. manufactures furniture reproductions of Frank Lloyd Wright designs. Heinz is the author of numerous articles and books on the work of Frank Lloyd Wright, including Frank Lloyd Wright Glass Art (Academy Editions, 1994), and The Vision of Frank Lloyd Wright (MIT Press, 1982). He lives in Mettawa (Libertyville), Illinois.
