Five Stars By Customer Very lovely and informative. 1 of 1 people found the following review helpful. seven year customer By single mom I've been getting French Country Diaries for seven years. Every year I think they can't get better or more perfect photos and every year they do. I get it early and immediately put in all the birthdays and anniversaries and keep it with my current one so I can add events as they come up - keeps me from looking foolish from forgetting something! It's gorgeous, sturdy and room to write on every date.
