Units Arranged by Frequency, with Comprehensive French and English Indexes:

10 of 11 people found the following review helpful. These books are absolutely fantastic! I have one for GermanBy BookReviewThese books are absolutely fantastic! I have one for German, French, Latin, and Classic Greek and I can honestly say that they are truly invaluable for all those who are serious about learning the language. Yes, there are some occasional errors that someone should have picked up on (a few words here and there that aren't translated as properly as they could be), but I challenge anyone to find a book--not to mention one this affordable--that will lay out the most common words (in order of frequency), fantastically and logically organized into sections of around 20 per section--thus setting the stage to maximize efficiency and effectiveness in the least amount of time--that can even come close to these. Again, a must for all those serious about language (and not so serious as well).

Learn French Fast! * New for 2017 Completely revised and updated * BONUS: includes PDF version for your mobile, tablet or PC* * A simple, fast, proven way to learn French with ease * First 500 words provides 75% common usage * Easy units - your confidence grows as your vocabulary grows French Key Words provides an easy route to mastering excellent basic French.
