Charles Berlitz : French Step-By-Step: A Unique, Short-Cut Method to Learn and Speak French Fluently before purchasing it in order to gauge whether or not it would be worth my time, and all praised French Step-By-Step: A Unique, Short-Cut Method to Learn and Speak French Fluently:

1 of 1 people found the following review helpful. Berlitz wins againBy Paul TylerA great tutorial for those who wish a superior introduction to a language. Berlitz offers a grounding in syntax, pronunciation, grammar, and vocabulary. It's

just not the same as being in France, but who can afford that? 0 of 0 people found the following review helpful. Five Stars
By CustomerGood11 of 12 people found the following review helpful. Excellent book for conversational French
By A CustomerI have used this book among many others to study French. It is excellent for what it is written to do. That is teach you the everyday language that you need in order to make yourself understood in France. After I studied French in College and taking some Self-study courses I was able to read literature like Voltaire. But who needs this nonsense. If you want to communicate with French-speaking people without speaking phrase book French or sounding stupid, you should buy this book. Of course you need to practice and understand the language, just memorizing the phrases is not good enough.

Patterned phrases and dialogues are used to teach the basic skills of French usage including grammar, syntax, idiom, and vocabulary.
