David Dunlap : From Abyssinian to Zion: A Guide to Manhattan's Houses of Worship before purchasing it in order to gage whether or not it would be worth my time, and all praised From Abyssinian to Zion: A Guide to Manhattan's Houses of Worship:

0 of 0 people found the following review helpful. INDISPENSABLEBy UES ReaderIf you have ANY interest in New York's churches and synagogues, this is a must have. Meticulously researched, beautifully written, wonderful

illustrations, this book sets the standard for anything to come. And it's small and paperback so you can take it with you on a "church crawl" through a given neighborhood. 0 of 0 people found the following review helpful. Great Explorer's Manual By Customer Excellent guide to Manhattan houses of worship from all eras. Wish all other big cities had such encyclopedic works. 5 of 5 people found the following review helpful. The book I wish I'd written By E. K. Byham This book is amazingly well done. It is remarkably error-free, especially given the breadth of religious positions represented by the various faith groups in Manhattan. Dunlap understands religion and religious beliefs, and he understands architecture as well. I have been hoping (perhaps praying?) for such a book for years and to have my wish fulfilled -- and not have to do it myself -- has been joyous. I've only had it two weeks but I've already passed it around to others who are equally impressed. If the subject interests you at all, buy this book!

From modest chapels to majestic cathedrals, and historic synagogues to modern mosques and Buddhist temples: this photo-filled, pocket-size guidebook presents 1,079 houses of worship in Manhattan and lays to rest the common perception that skyscrapers, bridges, and parks are the only defining moments in the architectural history of New York City. With his exhaustive research of the city's religious buildings, David W. Dunlap has revealed (and at times unearthed) an urban history that reinforces New York as a truly vibrant center of community and cultural diversity. Published in conjunction with a New-York Historical Society exhibition, *From Abyssinian to Zion* is a sometimes quirky, always intriguing journey of discovery for tourists as well as native New Yorkers. Which popular pizzeria occupies the site of the cradle of the Christian and Missionary Alliance movement, the Gospel Tabernacle? And where can you find the only house of worship in Manhattan built during the reign of Caesar Augustus? Arranged alphabetically, this handy guide chronicles both extant and historical structures and includes 650 original photographs and 250 photographs from rarely seen archives 24 detailed neighborhood maps, pinpointing the location of each building concise listings, with histories of the congregations, descriptions of architecture, and accounts of prominent priests, ministers, rabbis, imams, and leading personalities in many of the congregations
