Michael Boyny : From Alaska to Tierra del Fuego: Across the Americas in Two Years before purchasing it in order to gage whether or not it would be worth my time, and all praised From Alaska to Tierra del Fuego: Across the Americas in Two Years:

A man and a woman, a Ford pick-up truck, two years, and 15countries: Welcome on the road from Alaska to Tierra del Fuego.This fascinating journey passed through the forests of Canada andthe loneliness of Alaska, from the Wild West of the USA throughMexico and South America, over steep mountain passes and highplateaus, through potholes and into the steppes of Patagonia. Thisunusual travel guidebook encompasses superb pictures, excitingreports, and personal diary entries.

About the AuthorMichael Boyny is a freelance photographer whose main professional focus has beenon travel and

food. His work has taken him to every continent, and his award-winning reports have appeared in books and magazines around the world. He lives in Munich, but stays on the road: for him, travel is an addiction.
