Sue Hubbell : From Here to There and Back Again before purchasing it in order to gage whether or not it would be worth my time, and all praised From Here to There and Back Again:

1 of 1 people found the following review helpful. Not her best, but still worth reading.By WesternWilsonI am a huge Sue Hubbell fan, and at her best, her writing is informed, grounded, human and lyrical. This book, a collection of magazine or newspaper pieces she has written over the years, is well worth reading, but lacks the lustre you will find in "A Country Year", "Broad sides from the Other Orders" and "Waiting for Aphrodite".That said, she covers some

fascinatingly offbeat ground. A must for pie lovers! 0 of 0 people found the following review helpful. Five Stars By Mary Roth I enjoy Sue Hubbell's books - it's like sitting down with a friend for a good visit. 2 of 3 people found the following review helpful. Oh yes, read this book By L. Setzkorn I recently encountered a Facebook meme in which we were asked to list the 10 books that affected us most deeply in our lives. On my list of 10 was Sue Hubbell's "A Country Year." That started me on a Sue Hubbell reading binge and I have to say, her other offerings are just as fine as that original. Read this book. Sue's living a life that most of us only wish for and her unique view of the world, her humility, and her gentle kindness are evident in all of her books.

"Sue Hubbell's *From Here to There and Back Again* is stylish and thought-provoking. As her brother I have long admired her mince pies and her ability to knit her own thermal underwear."---Bil Gilbert "The real masterwork that Sue Hubbell has created is her life."---New York Times Book Review "A latter-day Henry Thoreau with a sense of the absurd."---Chicago Sun-Times "Sue Hubbell writes splendidly."---William Least Heat-Moon "Prose as clear, languorous and beautiful as honey poured from a jar."---People "From Here to There and Back Again is the much-anticipated collection of essays on an array of offbeat and engrossing subjects by magazine essayist and nature writer Sue Hubbell, author of *A Country Year*, *Shrinking the Cat*, and *Waiting for Aphrodite*. Reading Sue Hubbell is like embarking on a journey of discovery with a close friend. Her writing is witty, learned yet unassuming, intensely personal, and pointedly honest as she ranges far and wide on such topics as after-hours truck stops, the country's best pie restaurants, bowling shoes, Costa Rica's blue morpho butterfly, earthquakes, and the honey trade. Several of her pieces take place in Michigan locales as well, including Elvis sightings in Vicksburg and the magicians' convention in Colon. In the end you'll return from these travels refreshed, enlightened-and wiser.

"The real masterwork that Sue Hubbell has created is her life."-New York Times Book
