George McDonald : Frommer's Amsterdam Day by Day (Frommer's Day by Day - Pocket) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's Amsterdam Day by Day (Frommer's Day by Day - Pocket):

Rick to be the go-to guy as far as carrying the guide with me. Not So! Frommers has an excellent fold-out tram map in the front and a "detailed enough" city map handy in a back pocket. This was the one I carried and used the whole week while Rick sat in the hotel room and was referred to in the evenings. I used it not only to plan tram trips, but to assist other travellers trying to tram around town (they all wanted my book). My recommendation, spring for both, because Rick gives more detail and more reviews, while the Frommers maps were the best. With Trip Advisor on my phone and Frommers in my hand we saw massive amounts of Amsterdam quickly and efficiently. Okay, there was that one time when I thought North was South, but....0 of 0 people found the following review helpful. Must have for an European vacationBy KPMMy wife and I did a three city tour for 10 days in Europe and we got three "Day-by-Day" Frommers books for each city, and I'll tell you my vacation would have sucked had it not been for these books. Not only does Frommers make discovering the city much more easier but the way information is organized is very easy to read, find and consume. I definitely like the neighborhood walks which allows you to discover "nooks and crannies" that you would have never thought of to see. I definitely recommend the paper back copy (I am a firm believer of electronic everything) as its much more convenient to reference and use than an electronic copy. The folded map in the back of the book is solid quality and has a good thickness to it, you can take it out and fold back up all day long and it will not rip. These books are perfect for anyone visiting a European city, you will definitely appreciate your visit with Frommers.0 of 0 people found the following review helpful. Very goodBy Rafa.el.GuerreroThese frommer pcket books are really really helpful, specially if you are visiting several countries and traveling light.The book gives you a good advice on that to do on the days you are in a city, perhaps sometimes I follow / combine the two days in one , not going to all the recomendations but to the ones that sound good or interesting to me.It wont tell you where to eat, for that just stop to a local place where you see many people seated, check their prices, and kind of food and be happy and open to new foods.Dont miss the Van Gogh museum. The red light district is overrated. and also use airbnb as finding hotels can be very dificult on the weekends in this city.
