Laura Tiebert : Frommer's Chicago with Kids (Frommer's With Kids) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's Chicago with Kids (Frommer's With Kids):

9 of 9 people found the following review helpful. excellent family guide to ChicagoBy audrey francesDuring a recent trip to Chicago, I used several guide books to plan our trip and to use during the visit; I found this particular reference was the one I used most frequently and the one I threw in the backpack as we headed out the door each day. This guide

was indispensable, containing suggested itineraries, an overview of the city, great ideas for excursions -- tours, strolls, attractions, shopping and entertainment -- as well as a history of the city and superb chapters on hotels and restaurants. We even stayed at a hotel that was surprisingly inexpensive and in a great location, and one that our native Chicago friends didn't know about! The guide is written in a friendly style, is well-organized, has lots of maps, and is jam-packed with useful information. A superb guide to Chicago for families. Highly recommended. 2 of 2 people found the following review helpful. Frommers review By Lori Jensen-hoeg Excellent book. Before any trip, I purchase a book from Frommers if that area has one. I have always been given great advice and pass it along to friends and family. The best travel guides anywhere. The book came quickly and in excellent shape. 0 of 2 people found the following review helpful.
