Kurt Repanshek : Frommer's National Parks with Kids (Park Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's National Parks with Kids (Park Guides):

Millions of families visit the national parks annually. So we sent our author out to hit the trails and campsites to figure

out how to beat the crowds and enjoy an unspoiled family experience of nature. Inside this book, you'll visit the most spectacular landscapes in the United States. This incredibly detailed, complete guide covers every kind of activity available in each park, from hiking to bird watching, with a range of sports for visitors of all ages and skill levels. This new edition of Frommer's National Parks with Kids also includes reviews of park lodges, camping, and nearby accommodations to help you plan all aspects of your trip. Exact prices are listed for every establishment and activity. No other guide offers such detailed, candid reviews...or such honest advice. Complete with maps of every park, including detailed maps of hiking trails in the major parks.
