**Jack Barker : Frommer's Thailand with your Family (Frommers With Your Family Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Frommer's Thailand with your Family (Frommers With Your Family Series):

4 of 4 people found the following review helpful. A wealth of realistic family-focused infoBy crafts4funTraveling

with kids is not like traveling with normal human beings. Most guidebooks don't get this. Oh, they'll all include some "family friendly" ideas or attractions, but they seem to be written by people whose only exposure to kids has been from watching old episodes of the Brady Bunch: "Children will be charmed by the Louvre's extensive exhibition of paintings from the 16th century Flemish masters". Uh, right. Back here on planet earth, what MY little maniacs are interested in seeing is beaches, animals and ice cream - not necessarily in that order. Which is why I liked "Thailand with your family". The author has children of his own, with whom he has actually traveled in Thailand, and is realistic about what you can and cannot do when vacationing as a family. In Bangkok, for example, he focuses on which wats are not only interesting for adults but are particularly kid-friendly (such as not being super-crowded, or also having cool stuff you can climb on). In Chiang Mai, he includes in his description of the city where to find the best public playground. In the resort areas, he highlights hotels with "kid clubs" and sometimes even resident elephants. For me, when I'm planning a trip with the whole crew, I appreciate these kinds of details. There are a few minor issues with the book. It's pretty clearly a first edition, as I noticed a few typos and inconsistent spellings of place names. And it must have been written for the British market, because all prices are given in British pounds, and travel agencies or tour operators that are mentioned are all in the U.K. But as I said, these are minor quibbles. All in all, I'm impressed with this book. I'd never come across them before, but it looks like Frommers has a whole series of "with your family" books. If this one is any indication, I'll be seeking out others for future trips.

0 of 0 people found the following review helpful. Extremely helpful! By K. Carolina This book allowed us to get familiar with Thailand and then to verify everything online. The helpful hints were a nice touch which is absolutely key when traveling with 4 children. 0 of 0 people found the following review helpful. Five Stars By AthenaPurple Item arrived as stated!

The Frommer's Thailand With Your Family guide is a full colour, practical and accessible book for independently minded UK families looking to make the most of their family holiday. The guide will highlight the best opportunities for families in the region and offer expert opinion on where to stay, where to eat and where to spend your holiday time enjoyably. The family aspect of travelling will be integral to the text and the book a vibrant and visual guide to entice this market sector. The guide will build upon the success of the With Your Family first series. This guide covers among other areas: Bangkok, Chiang Mai and the North, Isan and the northeast, The Gulf of Thailand, coast and islands, Southern Thailand: the Gulf Coast and the Andaman Coast. Details include tourist orientated areas able to provide familiar foods and more adventurous cuisine, tourist-orientated transport, information about hotels, restaurant recommendations and candid assessments of the attractions on offer for families.
