By J. Morris I am from North Wales and am planning my wedding there in March 2013. My fiancée and her family are from Ohio and I wanted to get this book to help me recommend places for them to visit and also for our future trips back to Wales. An important location for us is Llandudno and Conwy on the North Wales coast, beautiful places with lots of history. Unfortunately on page 200 the edition that I have mentions the same things twice. The index says that Conwy Castle is meant to be on page 200 but it is not instead we have Alice in Wonderland Exhibition word for word repeated. I hope that Wiley will reply with a corrected page or edition but I am still waiting. Other than that it is a good book with great ideas for families. So if you are going to Wales and want ideas for families or just general tourist advice this is a good book. Just check page 200 to see if you have the same problem as me.
