Inside the theme parks, the book was really great to decide what to see and what to avoid, a great difference to get the most of the time restrictions you may have. On this is what I found the book most useful, since you pay a lot of money to get there and I was very happy to get the best of the parks with the time I had to spend. I been in Orlando a few years ago without a book like this and we ended more exhausted and with the impression that you loose some time in things not worth it. Things to improve:- More detailed information on ticket prices. With the book you don't have a good idea of the final price you'll get.- More info on parent hints to deal with children inside the theme parks. Most of the visitors try to spend all the day with the kids and find out that they will be tired very early in the afternoon. 0 of 0 people found the following review helpful.
