Awesome book to find awesome places in an awesome stateBy DSeveranceI come from places much less fun in this fair Union - Wisconsin, Florida, New York. When I arrived in California, I arrived to heaven on earth. But where is my family to go on vacation and look to work and live when every place is close to fun and awesome things to do?! This book answers that question and helped my wife and I decide to take the family to some pretty awesome and much loved places. My favorite? Fairytale Land in Sacramento - imagine a little kid park filled with sculptures, rides, and places to play ripped straight out of Mother Goose's rhymes!1 of 1 people found the following review helpful.
