From Brand: Duke University Press Books : The Brazil Reader: History, Culture, Politics (The Latin America Readers) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Brazil Reader: History, Culture, Politics (The Latin America Readers):

0 of 0 people found the following review helpful. Five StarsBy Brazilian music loverGreat Brazilian history!!!0 of 0

people found the following review helpful. Five StarsBy Benjamin I. VaughanExcellent!3 of 3 people found the following review helpful. Primary SourcesBy cupcakeAn excellent collection of primary sources from Brazilian history. It strangely skips entire decades and periods which is its only shortcoming.

Bordering all but two of South Americas other nations and by far Latin Americas largest country, Brazil differs linguistically, historically, and culturally from Spanish America. Its indigenous peoples share the country with descendants of Portuguese conquerors and the Africans they imported to work as slaves, along with more recent immigrants from southern Europe, Japan, the Middle East, and elsewhere. Capturing the scope of this countrys rich diversity and distinction as no other book has done with more than a hundred entries from a wealth of perspectives The Brazil Reader offers a fascinating guide to Brazilian life, culture, and history. Complementing traditional views with fresh ones, The Brazil Readers historical selections range from early colonization to the present day, with sections on imperial and republican Brazil, the days of slavery, the Vargas years, and the more recent return to democracy. They include letters, photographs, interviews, legal documents, visual art, music, poetry, fiction, reminiscences, and scholarly analyses. They also include observations by ordinary residents, both urban and rural, as well as foreign visitors and experts on Brazil. Probing beneath the surface of Brazilian reality past and present The Reader looks at social behavior, womens lives, architecture, literature, sexuality, popular culture, and strategies for coping with the travails of life in a country where the affluent live in walled compounds to separate themselves from the millions of Brazilians hard-pressed to find food and shelter. Contributing to a full geographic account from the Amazon to the Northeast and the Central-South of this countrys singular multiplicity, many pieces have been written expressly for this volume or were translated for it, having never previously been published in English. This second book in The Latin America Readers series will interest students, specialists, travelers for both business and leisure, and those desiring an in-depth introduction to Brazilian life and culture.

A stellar collection of texts on Brazilian history and contemporary life. No ordinary reader, this volume goes below the surface to introduce an American audience to Brazils complexities and diversity. - Foreign Affairs
