is by far the best guide out there. Sure, this guide isn't for everyone... he even says it himself. If you have thousands of dollars to spend, only want to visit the biggest tourist traps, or if you want to stick with expensive (and overrated) restaurants, this NOT the guide for you. If you're like me, going with a family that is on a budget, that wants to really experience authentic Mexican culture and food, and have a lot of fun while you're at it, this is the perfect thing. Although I'm "Gringo", I have lived in Central America for many years and so I'm familiar with the Latin American culture. However, Rowicz offered many insights that were unique to the Cancun area that I really appreciated, since I had never visited the Yucatan. Sure, he definitely has parts of the book that are geared to young, single adults, but he has overwhelming amounts of useful information for families and others as well. In my opinion, the only thing that could make this Guide Book perfect is if he included more information of the surrounding cities of the Riviera Maya, like Playa del Carmen, Tulum, etc. He definitely has valuable information about these areas, but the central focus is on Cancun, just as the title would suggest. I'll say it again: If you know you're not the type of the person that does not enjoy trying new things, experiencing new cultures, or if you have plenty of money to spend, this probably isn't the guide for you. But my wife and kids thoroughly enjoyed our vacation here and can definitely thank Rowicz for providing some great vacation ideas and tips. 2 of 2 people found the following review helpful. Read it, loved it, used it. By book reader I got this book because we have a timeshare in Cancun and although we love it, we were sick of doing the same old things on the hotel strip and getting ripped off for doing something I could do in the same city for a fraction of the price. After reading Rowicz' book we picked out a nice condo in Puerto Juarez and had a ball. Here are a few of the suggestions we took from the book: Went to Park de las Palapas and had a ball eating local food and buying some jewelry from the locals and talking with a few. In fact we found a little internet friendly restaurant off a side street there and we would go for drinks and use the wi-fi. (The wi-fi, even in our upscale hotel on the strip, stinks!) We went to Playa de North which was absolute heaven. We went to Forum Playa, which is on the hotel zone, and it was exactly as described. We went to La Distillaria and got the tequilla tour. We rode the ADO bus from the airport, air-conditioned and under the bus luggage and saved a TON of money getting to our destination. We did NOT overpay cabs and saved a ton of money. I now use the Duolingo site and am learning Spanish. I love Mexico but I was sick of feeling like I was just in a warmer version of the US and I was sick of getting ripped off. Great book. 3 of 3 people found the following review helpful. excellent! By Michelle Corigliano Highly recommend this book! But beware, I bought several kindle edition Cancun books and this is the exact same book as "Cancun: This is NOT a Travel Guide", strange thing is these books have different authors so how does that happen???? I'm complaining to !!!!
