This is something that should appear as a magazine article. Very short book. Uses a percolator style coffe pot.

Whether you're a nomad traveler who spends a lot of time in hotels, OR a budding entrepreneur with limited resources, OR a divorced mid-lifer living in the basement of a generous friend who won't agree to feed you as part of his generosity while you "find yourself," OR just a run-of-the-mill cheapskate looking for ways to save on the cost of utility bills and kitchen appliances, The Coffeepot Cookbook is for you!

I wish I had this back in '09 when I lived in a back-of-beyond Nanjing hotel on a diet of spicy noodles rice crackers! Feasible, functional, fun a great idea for frugal, health conscious travelers! --ChinaTravel.net, Aimee Groom, Editor"Wow! I'll never look at a coffeepot the same way again!"--D.Davis --Diamond Davis, AmenraExpressions.comFrom the Author...In any event, I wrote this book to share the profound fulfillment and joy that comes from being able to survive and eat healthy meals while seeing the world, by stretching the limits of your creativity and innovating a bit....all on a shoestring budget. And you know what they say about innovation. In the famous words of Larry Ellison (Oracle co-founder, and likely a coffeepot enthusiast himself): "When you innovate, you've got to be prepared for everyone telling you you're nuts." ~ Larry EllisonFrom the Inside FlapInside flap??? What're you kidding me?! Who's got the money to put an "inside flap" in a 52-page cookbook!????
