The tips weren't anything new that I hadn't found just by Googling cheap travel. Nothing super-secret or mind-blowingly effective. Instead, I recommend a book called "Make Your Travel Dollars Worth a Fortune" by Tim Leffel. I felt that it was invaluable and more organized than this book.

date information is not useful for current travel.

Don't use popular travel sites IF you really want to get the cheapest price! That's because these sites can only offer the lowest prices given by the vendors who pay to be on their list. If you want to find out how to score the absolute CHEAPEST fares, you have to use little known resources revealed in this book, plus the author will show you how to get upgrades and when to snag a deal or wait for lower fares. Find out how to use consolidators, aggregators, social media, air and rail passes, and loyalty programs to save as much as 90 percent off normal prices. Plus, discover how anyone can travel FREE or get PAID to travel!

"Wealthy travelers have no problem; they can just call up a travel agency to work out trip details. The rest of the traveling public is usually on the lookout for fare bargains and other ways to make the dollar literally go farther.
