Kim Knox Beckius : The Everything Family Guide to New England: Where to eat, play, and stay in America's scenic and historic Northeast before purchasing it in order to gage whether or not it would be worth my time, and all praised The Everything Family Guide to New England: Where to eat, play, and stay in America's scenic and historic Northeast:

3 of 5 people found the following review helpful. Good...But,,By jane austenVery detailed, but I think it is a little too oriented with kids in mind.13 of 13 people found the following review helpful. For planning the family trip to New England, start right hereBy EmmesseyI'm planning a 2008 trip to New England for my family which includes my wife, and my 9-, 13-, and 17-year-old children. The book is written as a state-by-state guide showcasing must-see activities for each state, then laying out recommended attractions, places to eat and stay, and other miscellaneous items by region within the state. I would guess over 95% of the items in the book include web addresses where one can do more research. This book was my primary tool for creating our itinerary while Frommer's encyclopedia-like approach and Insight Guides' many pictures provided additional reference information. The only slight knock I have is that not all items found in the book are listed in the index, so sometimes you have to recall where it's at and hunt it down via page-flipping. However, the book isn't overly large and the type is easy to read, so this isn't difficult. If you're planning a trip for your family, I can't recommend it enough. It was just updated for 2008.

Where to eat, play, and stay in America's scenic and historic Northeast

About the AuthorKim Knox Beckius is the About.com Guide to New England for Visitors. She is the author of Backroads of New England, The Everything Outdoor Wedding Book, Backroads of New York, and The New England Coast.
