ClassicBy NorgeA classic worth the readNansen was not an Amundsen but yet he lead the way

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

'The visionary Norse explorer' -- Jon KrakauerA man in a million -- Edward Wymper, Conqueror of the MatterhornAbout the AuthorFridtjof Nansen (1861-1930), mentor to Amundsen, Scott and Shackleton, single-handedly made polar expeditions as popular as they are now. Drawn to extremes and a restless Faustian character, he was a gifted writer, scientist and diplomat who received the Nobel Peace Prize.
