**Karin Jarrett : The Five Star Life of an Army Wife** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Five Star Life of an Army Wife:

For new from one army brat to an army wife it's all about the sameBy Kathleen LucyIt felt like I was reading my diary from many many years ago with a child CMN army brat also it was eye-opening and yet refreshing thank you0 of 0 people found the following review helpful. Army wifeBy kathleen bohrerNothing exciting or funny about the book. Just a story about moving with family around army bases.

Lots of pictures of the family. 2 of 2 people found the following review helpful. The Five Star Life of an Army Wife By Michael J. Davis "The Five Star Life of an Army Wife Dream Weaver" and "Word Smith" would, each and both, be fitting name tags for Karin Jarrett's writing desk. She artfully weaves the dreams of a young couple and their two boys into a well-crafted, informative and thoroughly enjoyable tale of world travels, self-sacrifice and near-unimaginable rewards within the framework of integrity, conviction, honor and dignity found only in military life. A "Must Read" for all who served in the Armed Forces of any Nation, who are or know someone now serving or who have ever wondered what it would be like to serve in the Military. Early on, I realized this was the most insightful and "In the X-Ring" book I should ever hope to find on this too-often ignored and near-universally misunderstood gift to the People of a Nation. Mrs. Jarrett's down-to-earth perspective and frequently humorous style refreshed my long-unvisited memories of Military Family life. Through her 20/20 eyes, the reader sees Army Life from the ground up, from the top down and, most importantly, from the inside - looking both within and at the outside [say: "Civilian"] world. To savor these page-turner, midnight oil burner accounts of travels, trials, thrills and tribulations at Uncle Sam's beck and call, I curtailed my reading to only one chapter each morning and evening. That gave me a dozen days and nights of reminiscing and sheer enjoyment, while anticipating the conclusion to this superlative collection of personal, family and military history. Thirty-six pages of family and military career photos, in the the book's mid-section, so complimented Mrs. Jarrett's exemplary story-telling that I came away from the book knowing more about her Army Family's lives than if I had been stationed along side them, at each of their interesting assignments since they, as a family, first "joined the Army." I noted and appreciate the humility in her title selection for this most compelling book. However, at least in this Old Soldier's mind, Karin Jarrett - classic and classy Colonel's Lady that she is - will ever hold the rank of: "The Five Star Wife of Army Life." Michael J. Davis; SS, DFC, PH CWO-2, U.S. Army (Retired) Fayetteville, North Carolina
