finding a way to make it happen with this book. It's packed with accurate information that can help you transform your imagination into an affordable plan, then go! I did it and I'll never be the same again... As Bruce says -- you can leave the rat race for awhile -- it WILL be here when you get back. You just don't feel so much like a rat any more!0 of 0 people found the following review helpful. Great book, just out-of-dateBy Itchy FeetThis travel guide book is a great read before bouncing around the world for the first time, and the resources in the back of the book would be an incredible reference except that it's so outdated that phone numbers and companies no longer exist and no websites are listed! Otherwise it's a great read and reference before traveling.

In this comprehensive budget travel resource, the author reveals how to get a lot of travel excitement for a little price with low-cost travel options available from air couriers, around-the-world airline ticket brokers, domestic and international air charters, auto driveaways, offbeat adventure travel companies, and many other resources.
